

#1 in Dodge Cummins Performance

New 6.7L tuning software release!

All 6.7L MY 2010 and above tuning softwares have been totally revised!

In short, just to mention a few:

- MY **2012** trucks are **now supported!**
- MY **2010 and above** trucks are **now supported** by **Smarty S67!**
- New timing maps
- The default timing (# 2) is now the highest one.
Timing # 3 is less timing advance than # 2.
Timing # 4 is less timing advance than # 3.

Thanks for your attention!
